

“THE PERSONAL TOUCH IN TASTE”

Research & Development

HOT LIST

Partner with Foran Spice for your entire creative project ideas. Custom developed flavor profiles can be confidential and proprietary. Foran's product development team has created these new and exciting flavor systems designed for a variety of base products.

Snack Food

DC3165 Applewood Smoke & Cheddar – a delightfully strong, sharp cheddar cheese flavor and aroma combines with the delicious, smoky applewood notes.

AK1254 Fire Roasted Fajita – a scrumptious blend of a variety of peppers and savory spices that give roasted notes and mild heat. Aromatic onion and garlic give this seasoning a well rounded flavor profile.

DC3160 Hoisin – sweet, salty, tangy and flavorful describes this traditional Asian blend; it is combined with hearty black beans to give a timeless flavor combination.

DB189 Spicy Mayo – a zesty blend of bold heat, creamy mayonnaise and strong mustard notes make this an appetizing topper.

DB252 Spicy Lemongrass – savory, hot, lemony flavor with a robust heat coming from a spicy combination of peppers, this seasoning is a mind-blowing blend of heat and citrus notes.
